Total		\$95,431,000	\$113,121,000	(\$17,690,000)	-15.6%	\$79,871,600	83.7%

Management Insights

- Top five clients represent 29.3% of total revenue, indicating moderate client concentration.
- Equity Capital Markets generated the largest negative product variance at approximately \$10.6M below plan.
- Debt Capital Markets exceeded plan by approximately \$4.1M, partially offsetting ECM and Corporate Lending weakness.
- Pacific Hospitality recorded the largest client-level shortfall at approximately \$1.5M below plan.

Expense Recovery

Management Insights

- 49 of 120 issues remain open or in remediation, including four critical issues.
- Outstanding unresolved financial differences total approximately \$578.4K.
- Missing definitions and unreconciled amounts are the two most frequent issue categories.
- The Data Office owns the largest number of unresolved items, indicating a need for tighter remediation tracking and escalation.
